### Present Environment and Sustainable Development

<http://www.pesd.ro>

The journal is published also by Uaic and De Gruyter in House.

(<http://www.degruyter.com/view/i/pesd>)

Starting the 2017, the journal was accepted in Clarivate Analytics Products and Services - Emerging Sources Citation Index (ISI indexed),

Part of the papers will be published in the following journals:

- Lucrările Seminarului Geografic "D. Cantemir" (BDI)
- Repere Geografice

## Workshop

**1 June 2018**

### **Workshop: Drought and flood predictability in the Prut River Basin**

International Project:

**Improving Drought and Flood Early Warning, Forecasting and Mitigation using real-time hydroclimatic indicators (IMDROFLOOD)**

**Organizer: National Meteorological Administration (Bucharest, Romania)**

**Coordinator: C.S. I dr. Roxana Bojariu**

**Partener: Faculty of Geography și Geology - „Alexandru Ioan Cuza” University of Iași**

#### **The workshop aims to:**

- review the scientific results related to the variability and predictability of droughts and floods in the Prut River Basin;
- discuss the implications of the results from the IMDROFLOOD project in the context of the European Research Area;
- discuss science contributions to the development of climate services for floods and droughts in the Prut River Basin

**Results from the workshop will be important for impact studies and adaptation policies in the Prut River Basin.**
